Finds Cure for Epilepsy After Years of Suffering

"My daughter was afflicted with epileptic fits for three years, the attacks coming every few weeks. We employed several doctors but they did her no good. About a year ago we heard of Dr. Miles' Nervine, and it certainly has proved a blessing to our little girl. She is now apparently cured and is enjoying the best of health. It is over a year since she has had a fit. We cannot speak too highly

of Dr. Miles' Nervine.

MRS. FRANK ANDERSON,
Comfrey, Minn.

Thousands of children in the United States who are suffering from attacks of epilepsy are a burden and sorrow to their parents, who would give anything to restore health to the sufferers.

Dr. Miles' Nervine

is one of the best remedies known for this affliction. It has proven beneficial in thousands of cases and those who have used it have the greatest faith in it. It is not a "cure-all," but a reliable remedy for nervous diseases. You need not hesitate to give it a trial.

Sold by all Druggists. If the first bottle fails to benefit your money is returned.

NEWKIRK-YANDELL WEDDING

John H. Newkirk of Mountain Grove and Laura B. Yandell of Seymour were united in marriage at Marshfield on Wednesday evening at six o'clock, April 16, 1913.

Mr. Newkirk is one of Wright county's progressive farmers and is much noted for his agricultural work. He has a host of friends who desire his success and happiness during his future life.

Miss Yandell is a resident of Wright county, also, and has played an important part as teacher in the public schools. She has had high school and normal training on the various phases of school work, the result of which she has given to the schools in her home county. Teachers, pupils and patrons regret that they cannot have her services another five years.

On Thursday evening, April 17, they departed for Idaho, where they will make their future home. We wish them health, happiness and prosperity throughout their future lives.—Blue Eyes.

Many measures to safeguard the health of citizens of Missouri were adopted by the board during the term of Dr. Fuson.—Springfield Leader.

A SALE BILL OF 67 YEARS AGO

A copy of a sale bill advertising a sale in Pike county came into possession of one of our readers recently, says an exchange. Pike county was headquarters for the outfitters to California during the gold craze. The bill is as follows:

INQUEST FEES ALLOWED

In a letter written April 27 at Mountain Grove, R. W. Inman, coroner of Wright county, says: "I wish you would mention in your paper that the county court at the last session allowed my bill for holding an inquest on the infant child of Maud Baker's on the 17th of February, 1913. The witnesses have \$1 each and the jury of six men get \$1 each. The constable has fees and the undertaker gets fees. Each one will have to write to Hartville to the county clerk and he will send them their warrants for the amount due them."

LET THE GOOD WORK GO ON

The spirit of improvement seems abroad in Mansfield. New buildings are being erected, others are being improved and remodeled, papering and painting are receiving considerable attention, and the city generally is improving quite fast. Come to Mansfield to live.

A HANDSOME RESIDENCE

The residence of Jake Hoover, which has just been thoroughly remodeled and painted, presents a most attractive appearance and is one of the handsomest places in Mansfield.

Apples were given to all present at the M.E. Sunday school Sunday. The treat was provided by Mayor G. S. Burney.

The front of the Bank of Mansfield has been newly painted. The installing of the new fixtures adds much to the interior appearance.

A Perfect Separator Oiling System

In a machine which is operated at the speed required for a cream separator, perfect oiling is very necessary.

The new system of De Laval automatic oiling provides for a constant and liberal supply of CLEAN oil to every wearing surface of the machine at all times. There are no oil holes to fill up with dirt or perhaps to be neglected altogether, and every part is supplied with clean oil from the oil reservoir automatically and constantly.

In other, so-called, automatic oiling systems some of the parts have to be oiled by hand and no provision is made for getting rid of dirt that may get into the oil from the outside or of small particles of metal which come from wear, so that after a short time the oil supply becomes foul and injurious to the finely adjusted wearing parts.

DE LAVAL Cream Separators

have the only automatic oiling system which provides for a constant supply of fresh oil and, at the same time, the constant discharge of the used oil together with all worn metal particles or dirt which may have gotten into the used oil.

The perfect system of De Laval lubrication means an easier running and a much longer wearing machine. Come in and let us explain the advantages of De Laval automatic oiling.
